

2020 ECA CANOE MARATHON
EUROPEAN CHAMPIONSHIPS

2020 ECA CANOE MARATHON EUROPEAN CHAMPIONSHIPS

Dear Sports Friends!

This year, Canoe Marathon returns to Győr, a venue already known and loved by many. Győr can fairly be considered as the capital of Canoe Marathon, since it has hosted three world championships in 1999, 2007 and in 2015, while this will be the second Canoe Marathon European Championships organized in the city after 2001.

The Hungarian Canoe Federation has the pleasure of inviting your Federation to be represented at the ECA Canoe Marathon European Championships (Seniors short distance, and Juniors, U23 and Seniors long distance) to be held between 1-4 October 2020 in Győr.

On the following pages, we walk you through the most important information that may guide you and your team on the way to Győr, from the general introduction of the city and the regatta course, the most vital and useful bits of information on the competition, participation, boat rental, visa issuance, board, lodging and training camp opportunities can also be found here. Due to the corona virus, we have decided not having the master European Cup, which normally will be organized the days before the European Championships.

You can always reach the same information and then more and more as time progresses on the official website of the competition: www.gyorcanoe2020.com

SEE YOU IN GYŐR ORGANISING COMMITTEE

Dear Sports Friends!

I warmly welcome you to Győr, the city of rivers!

Located at the confluence of four rivers (Rába, Rábca, Mosoni-Danube, Marcal), the city has a long tradition of water sports, which is due not only to its geographical location, but also to the people living here, who have extraordinary passion for sports.

We are proud that Győr has one of the most successful canoe clubs in the country, with about three hundred athletes, having such legends as the twenty-time marathon world champion Renáta Csay, so it is a pleasure and an honour for us to become the international canoeing centre again this October.

The characteristic and advantage of the regatta course in Győr is that the Mosoni-Danube crosses the picturesque downtown, so we can support the athletes in many parts of the city. I wish you to have a good time in Győr and enrich yourself with unforgettable sport successes and memories!

Dr. András Csaba Dézsi

Mayor of Győr

GYŐR

One of the most populated and richest cities in terms of monuments lies halfway between Vienna and Budapest, in the confluence of the rivers Moson-Danube, Rába and Rábca. This is a dynamically developing city and a significant economic, cultural, educational and sports centre. There are several visitors who fall in love with Győr at first sight. And there are people, who spend some time here and realize that Győr can only be loved. Beautiful baroque style buildings of the downtown, river banks inviting you to have a walk there, cosy terraces of restaurants and the colourful cultural life are ingredients of an unforgettable stay in Győr. Visitors wanting to relax are invited to enjoy the 67 °C thermal water with its healing effect. Through its superior services, the multifaceted Spa and Water Park offers great possibilities for active recreation, healing and relaxation. Water-lovers can have a wonderful time taking a ride on rafts, going for a stroll on the Radó Island or cheering on the 'Golden Beach' for the kayak-canoeists, rowers or dragon boats who are competing. Lovers of ball games are promised to have a good time watching matches of the green-whites; the AUDI ETO KC female handball team of Győr won the Champions League five times; and the football, the female basketball and the futsal players also have matches every weekend.

To sum up, Győr is a real multicolour city with a unique sportslife, so opportunities for entertainment are guaranteed for everyone!

2020 ECA CANOE MARATHON
EUROPEAN CHAMPIONSHIPS

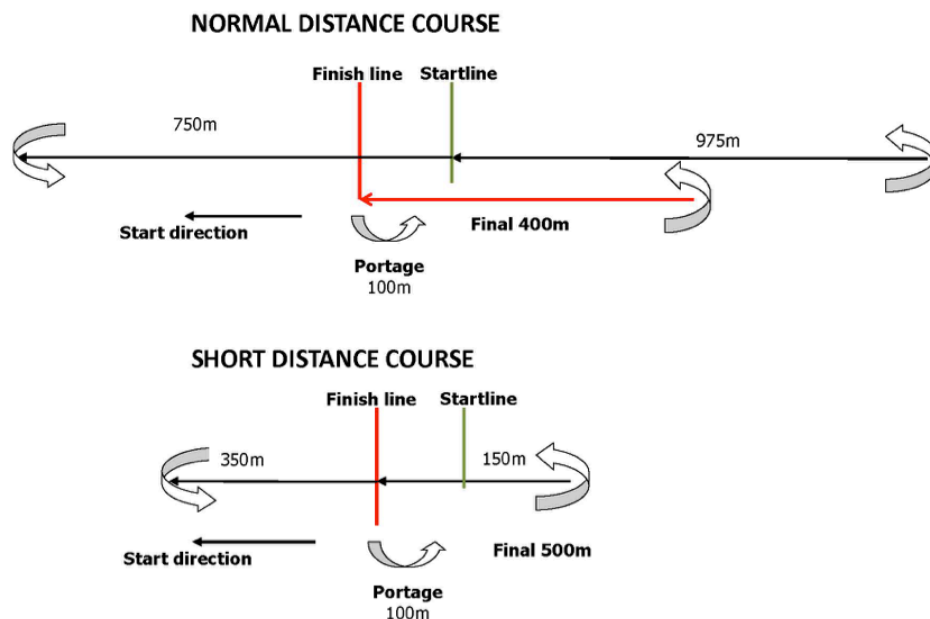

VENUE

The course will be laid out on Mosoni-Duna and in the heart of Győr. One part of the course will lead in a natural area and the other in an urban area.

COURSE

The start and finish line and the portage will be in the same area. Starting will be from a pontoon with boat-holders assigned to each competitor. A portage 100m long will be placed on the bank of the river near the finish line. Both ends of the portage will be a sandy beach so no pontoons will be used for getting in and out. The portage areas will be clearly shown by barriers and marked with red and yellow marks at the disembarkation and embarkation places. The disembarkation and embarkation will be on sandy beaches. The portage will allow at least four K2's to be portaged simultaneously.

ALPHA CERTIFICATION

International Canoe Federation congress has endorsed a proposal to extend compulsory anti-doping education courses to all senior, U23 and junior international athletes across all canoeing disciplines.

It is important federations and teams understand that these education courses are compulsory for all international athletes and need to be completed before they compete in an international competition.

National federations have the possibility to check which athletes have already completed the course through the ICF database. Please follow the instruction in this manual available on the following page of the ICF website: <https://www.canoeicf.com/anti-doping-education> Please be aware that the ICF database is not updated automatically after the completion of the course, so it might take several days before it is recorded.

This course gives athletes information about the dangers of doping and the importance of anti-doping controls and promotes positive attitudes to avoiding doping.

All paddlers who compete in this European Championships need an ALPHA certification before 18:00 Wednesday October 1 otherwise we have to delete the paddler from start list.

ENTRY QUARANTINE RULES AND PANDEMIC PRECAUTION

In order to support the organization of international sports events, the Hungarian government has introduced a facilitation of entry for those arriving in Hungary in connection with these sports events. The most important measure of this decision is that there is no quarantine obligation for the countries arriving. However, the legislation classifies countries into 3 categories (green, yellow, and red) based on the epidemiological risk (continuously updated in Covid Protocol Manual).

The condition of the facilitated entry is an invitation letter issued by the Hungarian Canoe Federation. Participants from the countries classified in the green category can enter Hungary without any restrictions, while from the countries classified in the yellow and red categories the condition of entry are two consecutive negative SARS-CoV- 2 molecular biologic tests taken 48 hours apart within the previous 5 days, in accordance with the official medical regulations. You can find the effective entry/quarantine rules detailed in the appendix of this document. Also, the Organising Committee has developed an epidemiological protocol in accordance with the recommendations of the ECA and local authorities, which will be implemented during the competition. Please read the protocol carefully in the appendix and please note that every participant of the competition must keep to the rules of the protocol. In case there will be a change in the effective legislation, we will send out the updated COVID-19 protocol again.
