

**ECA CANOE SPRINT, PARACANOE & SUP
EUROPEAN CHAMPIONSHIPS
SZEGED 2024**

DEAR FRIENDS, DEAR FUTURE GUESTS,

As Chairman of the Organising Committee, I have the honour to express my joy and excitement about the 2024 ECA Canoe Sprint, Paracanoe & SUP European Championships.

We have hosted the most prestigious international competitions in recent years, but 2024 is also a great comeback for us by returning to European canoeing. The best athletes from the continent will be coming to Szeged, Hungary for two major events, as the European qualification event will be also held on the Maty-ér, which is the last chance to qualify for the Olympic and Paralympic Games.

European Championships have only been held once before, in 2002, on the legendary Maty-ér racecourse. It will also be the last serious test of strength for the athletes before the most important competition of their lives, the Olympic and Paralympic Games.

I can assure you that my colleagues and I will put all our energy and knowledge into providing the best possible service to the athletes who come here. I am sure that the history book of the sport will be filled with another colourful chapter, with memorable battles and exceptional atmosphere.

We are also on the threshold of a historic event, because together with the sprint and paracanoe disciplines we will organise the very first SUP European Championships. I think Stand Up Paddling has made incredible progress in recent years, which we have already experienced at the 2021 World Championships in Balatonfüred. We are proud that Szeged is the birthplace of the first SUP European Champions.

In conclusion, on behalf of the Hungarian Canoe Federation and the Organising Committee, we look forward to welcoming you all in Szeged, the city of sunshine, between 12-16th June! Let this competition be a celebration of European paddlesports!

Friendly regards,

Bálint Szakács

Managing Director of the Hungarian Canoe Federation
Chairman of the Host Organising Committee

COURSE

The 2,400-metre long, 122-metre-wide regatta course is located two kilometres south of Szeged. Being an artificial course, current is not an issue here and it is quite well sheltered from strong winds as well. It is equipped with a new Albano system and has nine lanes along with a separate warm-up line. There will be electric time keeping with a photo finish camera and video recording. Automatic starting system will be used for the start. The facility fully meets the ECA requirements.

BOAT/BOARD TRANSPORTATION

Please contact Your Chamber of Commerce or Customs Office to obtain the accurate information regarding the documents necessary for boat transportation.

BOAT/BOARD RENTAL

The Host Organising Committee is not responsible for boat/board rental. Please, contact boat manufactures directly if you need to rent a boat/board.

INSURANCE

All official participants of the European Championships are strongly advised to take out a medical insurance policy in their respective countries.

MEDICAL CARE

The following medical services are available for all official participants of the World Cup: doctor on duty, hospital, and clinic assistance. A medical centre will operate at the regatta course with ambulance and first aid. The costs above the regular first aid, ambulance and physiotherapeutic services are to be covered by the athletes own medical insurance policy. The Organising Committee is not responsible to cover your expenses in connection with hospital treatment, dental treatment or any other medical treatment.

HUNGARY

CITY OF SZEGED

Entitled as the capital of sprint canoeing, Szeged is the seat of Csongrád County and the fourth largest city in Hungary. It is situated near the south-eastern border of Hungary right by the Tisza River. A large part of the town lies on the right bank, while Újszeged (New Szeged), a suburban district of residential homes and parks is on the left bank of the Tisza. Szeged is the cultural and economic centre of South-Eastern Hungary and a thriving university town, which is also famous for its open-air theatre. The city centre is marked by the medieval Tower of St. Demetrius and the stately twin spires of the Votive Church. This cathedral was built in the first decades of the 20th century to commemorate the revival of the city after the devastating flood of the river in 1879. By Hungarian standards, Szeged is a large city, with a population of 177,000. The climate is very favourable of canoeing; the annual mean temperature being about 11 °C (52F), somewhat higher than in the rest of the country. Szeged is sometimes called the City of Sunshine as there is an average of 2,000 hours of sunshine annually.

GENERAL INFORMATION ON HUNGARY

Population: 10.2 million

Area: 93.036 km²

Capital: Budapest (Territory: 525 km²)

Time zone: GMT +1 hour

Official language: Hungarian

State form: republic

Hungary is a landlocked country in Central Europe surrounded by Slovakia, Ukraine, Romania, Serbia, Croatia, Slovenia and Austria. The Danube River forms part of Hungary's north-western border with Slovakia, and then flows south through Budapest, dividing Hungary into two general regions. A low, rolling plain known as the Great Hungarian Plain, covers most of the region east of the Danube extending east to Romania and south to Serbia. Hungary has a continental climate with cold, cloudy, humid winters and warm to hot summers. Average annual temperature is 9.7 °C (49.5F). Temperature extremes are about 38 °C (100F) in the summer and -29°C (-20F) in the winter. Average temperature in the summer is 27 to 32 °C (81 to 90F). The average yearly rainfall is approximately 600mm (24 in).

VISA

All participants are kindly requested to contact the Hungarian Embassy or consulate in their respective countries (or the closest to you) in time regarding visa requirements. The difficulty of obtaining a visa to Hungary varies by regions but you should calculate with a 45-day long issuing period to ensure the safe attainment of the visa.

THE TYPICAL STEPS OF OBTAINING VISA ARE AS FOLLOWS:

1. Booking accommodation via the HOC or sending the confirmation of your hotel booking to the HOC (if booked individually) - please note, the HOC cannot take responsibility for rejection of visa issuance
2. Sending the filled-in visa application form to the HOC (national teams: booking@szeged2024.com, SUP athletes: sup@szeged2024.com)
3. The HOC issues the Letter of Invitation
4. Contacting the Hungarian Embassy / Consulate serving in your country / territory and do the paperwork they request from you
5. Visa issuance

Please, note that the HOC will not send you an invitation letter without knowing your / your teams' arrival/departure dates, where you are staying, how many people there are in your team and who they are. The Ministry of Foreign Affairs asks for the same information from us, so we cannot stand up for you without you standing up for yourself by providing this information.

Training camps in Hungary for national teams

With its nice calm waters and well-known heritage in the paddling sports, Hungary is a popular location for training camps again in 2024. Because of the usual high demand, please plan your training camps and contact the Hungarian Canoe Federation at booking@szeged2024.com well in advance, so we can prepare you a custom-tailored package completed with transportation and motorboat.

SPRINT AND PARACANOE ENTRIES IN THE SDP SYSTEM

The Host Organising Committee requires you to use the online entry system (SDP) of the ICF to submit your numerical and nominal entries. The system can be reached at: <https://icf.mev.atos.net/icf/main.jsp>

(In case you need help with the SDP, please contact the administrator directly at: sdp@canoeicf.sport)

After the payment deadline the HOC will not process the entries and purchases of those registered yet not completed with a successful transaction, these are considered void.

Onsite registration and entry are possible upon paying the extra administration fee on top of the regular entry fee on 11th June 2024 between 09:00 and 14:00 at the SUP accreditation centre.

EXTRA ADMINISTRATION FEE: 100 EUR

EVENTS AND COURSES

SPRINT

The sprint races will cover a distance of 200 meters. Each athlete must use their designated lane. During the race, athletes are not allowed to change their lanes. Lane change will result in disqualification from the race. Hard boards up to 14' long are to be used.

LONG DISTANCE

The long distance race will be approximately 9 km long. There are no heats for the long-distance races, so all participants will compete in the final race. The course will consist of 4 laps. Hard boards up to 14' long are to be used.

TECHNICAL

The technical races will consist of one lap, covering approximately a distance of 1000 meters. The race features 5 buoy turns, consisting of three left turns and two right turns. Turning buoys will be different colours for left and right turns, making it easy to identify. Hard boards up to 14' long are to be used.

INFLATABLE

The 4,5km long inflatable race will consist of two laps. There are no heats for the inflatable race, so all participants will compete in the final race. We apply a cut off time of 25 minutes. In case a participant does not start the second lap by that time, he or she cannot continue the race. This is for keeping the schedule and not causing any delays. Inflatable boards up to 14' long to be used.

START & FINISH

The sprint event will use the starting boot system.

There will be stationary water start for long distance, technical and inflatable events. The position of the boards at the start is such that the noses of the competing boards are on the starting line. The boards may be held at the tail by board holders. There will be no portage. The finish line is the permanent finish line of the course for all events.
