➤ **ECA KEY ACHIEVEMENTS**

Slalom was included in the European Games program for the first time in the 2023 season. The competition was successfully held, and the Krakow- Kolna slalom course was well attended by spectators.

ECA Slalom trialled changes to the ICF Canoe Slalom Rules. These variations were used in ECA Canoe Slalom European Championships and competitions in the past, they have proven to be meaningful. Based on good experiences, the ICF included them in the 2025 rule changes.
